About the Jazz Festival: Performers and guests alike come from all over the world to be a part of this great event. Jazz and Dixieland are the focal points, but many different kinds of music are performed. At the Jazz Fest site, there are about 10 stages and show areas and the included admission ticket allows the guest to roam between each venue at their own pace on an open-seating basis. The New Orleans Fairgrounds site is a short distance from the French Quarter.
